

OVERHAULING OF THE WOODWARD GOVERNOR IN WORKSHOP

Overhauling of the governor is the process where from 'old/used' governor the 'good as new' governor is made

Overhauling of the governor consists of the following procedures:

1. Receiving, unpackaging and marking of the governor
2. Checking of the part number, visual checking
3. If found non conformities, reporting the governor's condition to the client (making photos if necessary)
4. Dismantling to a single part, cleaning/washing
5. Parts condition analysis – preliminary defect report – parts which has to be replaced
6. Sending of the preliminary defect report to the client for confirmation
7. Standard Woodward repair kit is always used for overhauling
8. Assembling the governor using repair kit and new parts as per points 5.-7.
9. Testing the governor on test stand following Woodward protocol
10. Issuing of final defect report and sending it to the client for confirmation
11. When tested and adjusted, governor is painted
12. Ready for delivery offering 1 year warranty when mounted and used in proper way

NOTE:

Packaging is included in overhauling price

Transport is not included
