

OVERHAULING OF THE WOODWARD GOVERNOR ON EXCHANGE BASE

Overhauling of the governor on exchange base is the process where client's governor is replaced with identical governor (part number identification). The replacing governor is overhauled second hand governor in 'good-as-new' condition.

Overhauling of the governor on exchange base consists of the following procedures:

1. Request for governor indicating exact part number
2. Checking for the wanted governor in PBM warehouse
3. Sending of the wanted governor to the vessel (to the agent in defined port)
4. Replacing of the governor/commissioning (done by the crew and/or by PBM Woodward specialist) on the vessel
5. Sending of the 'old' governor to PBM's workshop
6. When the 'old' governor reaches PBM's workshop, the complete procedure of overhauling (as described in document 04. Governors overhauling in workshop) will be performed
7. When overhauled and tested, the governor will be put into PBM's warehouse
8. Issuing of the invoice based on final defect report

TERMS AND CONDITIONS:

If the governor is not in use (e.g. from warehouse), this should be noted in request.
If the governor is impossible to overhaul (e.g. case/housing with cracks) the 70% of the value of the new governor will be charged.

The 'old' governor should be returned to PBM within 30 days.

Packaging is included in overhauling price.

Transport cost is not included.
